

Question asked by Kishor Lulla

My dear friends and relatives,

Happy Diwali to all of you. I would like to share with you a thing for which I am puzzled.

Whenever some good social activities are shared by someone, response of appreciation is very less. Forwarding to many is negligible. Adoption and acceptance rate is almost zero, which is a dire need of society at large.

As against this, wishes of birthday, Diwali, accidents, rape, politics, celebrities etc are sent to each and everybody, known, unknown, every number on hand set, may be in thousands. I realized many friends today when I received Diwali sms by them. Now again they will appear on independence day, republic day or any festival. They did not respond to my any social work sms during last three years.

What I am puzzled is.....Whether forwarding sms of festivals, birthdays etc are more important than social activities? Whether myself and social activists should change their view? Pl guide.

Many replies received from many friends and relatives

Dear Kishorji,

Do what makes you happy. All other 'matter' actually doesn't matter. Please continue to share good work that you are doing, it's inspiration for others.

Suraj Mantravadi.

Dear Kishore,

Carry on the good work you are doing. We will not wait for their appreciations. What matters is the positive change we bring in the society and the evaluation by our beneficiaries.

This puzzle is the reality of modern life !

Keep doing the good work that you and your organizations have undertaken !

Bother not if the society is indifferent....may be they are ashamed to reciprocate, as they realise the lack of good work they do...

Let us light up the lives of people around us by our small acts of kindness !

He profits most, who serves most !!!

I agree with you. It's all about perception Rtn.Kishor. But this should in no way date you what you are doing good to the society. Thousands of lives are changed by your great service to this society. That itself is a great validation

Ravi

Absolutely correct sir. Forwarding, jokes, unnecessary so called witty comments is in fact a silly use of social media.

Sir, i feel that even if we can change 25 % of people. It is well worth. The remaining 75% are just like that.

You also must have noticed this year bursting of crackers, sound pollution is down by 40%. And this is the impact of social groups like lulla charity and their friends and well wishers.

Change is gradual but will surely happen. There is a room for hope.

Mr. Nerlikar

Nice social activities. Congrates. Keep on doing good activities. It will be appreciated by all. Some will follow it. We will continue as we are doing it for our satisfaction also.

Mr. Toshniwal

You are doing good job. We are proud of you. Some will spread some will give you power through blessings.

Mr. Bhokare

Sir aaplya social activities sathi nehmich aamhi tumchya barobar aahe.

Mr. Suhas Kulkarni

You are correctwe should change our attitude and we must encourage the philanthropic activities like you do, in the interest of society at large.

As far as 'me' is concerned, I have always appreciated your all ideas and I am always with you. Our views are perfectly right , no doubt in this. But I think, most of the people must change their views. Many of those have no etiquettes of using w app and face book. They forward many items without reading anything, they don't know, which is important and which is useless.

I think, one should arrange a lecture on this subject.

And why any other one ?

You are the perfect one ...

I will help you, in this regard.

Mahesh Kulkarni

Sir, you are doing wonderful job to society and please keep it up and do not think of what other thinks or what is there in there mind. Dear if Mahatma Gandhi would have thought this way than he could not be the national hero as, 'Rashtrapita'

View expected by you is important, rather than only wishes of festivals etc. I am always with you.

Mr. Jogi

सर, तुमचे म्हणणे एकदम खरे आहे. लोकांना आजकाल समाजसेवा किंवा constructive कामापेक्षा सेलिब्रेशन मध्ये जास्त इंटरेस्ट आहे. आणि त्यामुळे तुमच्यासारख्या मनापासून समाजसेवा करणाऱ्या (ते ही स्वतःच्या पैशातून) व्यक्तीला असे वाईट वाटणे साहजिक आहे. परंतु सर जसे समुद्रात वाळूचे अगणित कण सापडतात परंतु एखादाच मोती सापडतो तसेच आपले समाजकार्य आहे. त्यामुळे मिळणाऱ्या प्रतिसादाकडे दुर्लक्ष करून असेच आपले कार्य सुरू ठेवावे. मला माहित आहे की हा लहान तोंडी मोठा घास मी घेतोय पण आपण रोटरी किंवा इतर कोणतेही समाजकार्य करताना थोड्याफार फरकाने सर्वत्रच हाच अनुभव येतोय असे मला वाटते. तुमचे आणि तुमच्या टीमचे कार्य फारच चांगले चालले आहे, असेच जोमाने चालूद्यात ह्याच शुभेच्छा.....

Your work towards social service is excellent but others think different way which they can't do social work. mentality problem ok. Kishorbhai, when I posted our outreach to st conductors and drivers on facebook and on various other groups, it received all round applause. Some of my friends from Pune even phoned me and were asking how you people generate such unique ideas !.

Mr.Nerlikar

Your work towards social service is excellent but others think different way which they can't do social work. Mentality problem.

सरजी, चुमच्या एवढा माझा अनुभव नाहीच. पण मी जे समाजाकडून शिकलो, ते सांगू ईच्छितो..
आपण निरपेक्षपणे चांगले काम करत राहायचे. आपला समाज भबकेबाज गोष्टीकडे जास्त वळतो. थोडा उशीरा का होईना आपल्याला साथ मिळायला चालू होते.
म्हणतात ना.. नेकी कर, कुंए में डाल..

May be your idea of social work and other peoples idea of social work don't match or may be people copy your idea and implement it too but dont want to give credit to you , but all said and done , "doing something good to others without expecting anything" is not everybody's cup of tea, please carry on your good work and just ignore those who don't wish to be part of it for any reason... best luck and proud of you
